

Proportion of children under one year (infants)

Under one year children refers to the population segment who are below age 1. The proportion of the population below age 1 year constitutes 3.3 percent of the total population of Tanzania. Five regions recorded more than 5 percent of the population aged below 1 year. Such regions are Dar es Salaam (8.8 percent), Kagera (6.47 percent), Mbeya (5.99), Kigoma (5.91 percent) and Tabora (5.82 percent). Regions which recorded the lowest proportion of the population below 1 year old were Kusini Unguja (0.25 percent), Kaskazini Unguja (0.42 percent), Kusini Pemba (0.48 percent) and Kaskazini Pemba (0.53 percent). The remaining regions recorded between 1.0 percent and 4.99 percent of their population aged below 1 year.
