

Proportion of pre-primary education age (4-6 years)

Education system in Tanzania begins with pre-primary education for children age 4-6 years. The 2012 PHC showed that 9.6 percent of the total population of Tanzania was between 4 and 6 years old, the practical ages for pre-primary education. Variations among the regions ranged between 6.7 percent observed in Dar es Salaam Region and 11.7 percent recorded in Simiyu Region.
