

The United Republic of Tanzania

**HIGHLIGHTS FOR
THE SECOND QUARTER (APRIL - JUNE)
GROSS DOMESTIC PRODUCT, 2017**

**National Bureau of Statistics
Ministry of Finance and Planning
October, 2017**

1.0 Introduction

Gross Domestic Product (GDP) is measured as the value of goods and services produced by resident producers during a particular accounting period. Quarterly GDP is measured at short time intervals of three months namely First Quarter (January - March), Second Quarter (April - June), Third Quarter (July - September) and Fourth Quarter (October - December). Quarterly GDP is used for policy intervention at short intervals. This highlight is for the period of April to June, 2017.

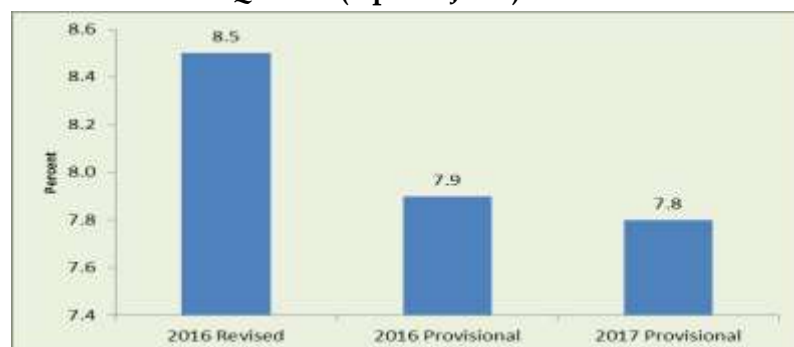

Data used in the compilation of Quarterly GDP were for production of goods and services collected from all economic activities performed in the economy for the period of April to June, 2017. The compilation follows the United Nation Statistics Division's guidelines on the compilation of national accounts statistics (UN System of National Accounts - SNA 1993 and 2008).

2.0 Key Findings

The second quarter Gross Domestic Product at current prices in absolute terms was TZS. 31.1 trillion compared to TZS. 26.6 trillion achieved in the corresponding quarter of 2016.

Meanwhile, the Gross Domestic Product at 2007 constant prices for the second quarter of 2017 in absolute terms was TZS. 12.8 trillion compared to TZS. 11.9 trillion for the corresponding quarter of 2016, equivalent to a slowdown in growth rate of 7.8 percent in 2017 compared to a revised growth rate of 8.5 percent observed in the corresponding quarter of 2016. The provisional growth rate for the second quarter GDP in 2016 was 7.9 percent (*Chart 1*).

3.0 Economic Growth in the East Africa Community Region

The economic performance in the East Africa Region during the period of April to June, 2017 showed that, Kenya’s GDP growth increased by 5.0 percent compared to 6.3 percent recorded in the corresponding quarter in 2016. Rwanda’s GDP increased by 4.0 percent compared to 7.5 percent observed in 2016. Uganda’s GDP increased by 5.4 percent compared to 3.3 percent recorded in 2016. Burundi has not yet started the compilation of quarterly GDP estimates.

During the reference period in the East Africa Region, Tanzania recorded the fastest growth rate followed by Uganda, Kenya and Rwanda. The growth rate for Tanzania was on account of introduction of new activities in the economy for the production of goods and services.

4.0 Growth by Economic Activity

During the period under review, the economic activities that increased at significant rates more than eight percent were Transport and Storage (19.8 percent); Mining and Quarrying (18.0 percent); Manufacturing (9.3 percent) and Construction (8.8 percent). Nonetheless, activities that increased at insignificant growth rates were Public Administration (negative 3.4 percent), Electricity (0.2 percent) and Real estate (2.3 percent). Details of performance by activities are presented below.

4.1 Agriculture

This activity includes the exploitation of vegetable and animal resources, engaging in growing of crops, raising and breeding of animals, harvesting of

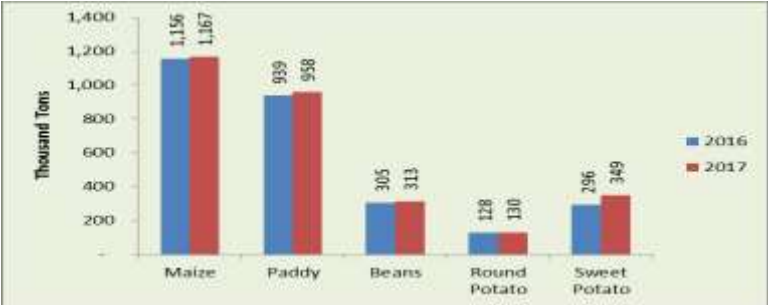

timber and other plants, animals or animal products from a farm or their natural habitats. During the period under review, Agriculture activity increased at a growth rate of 3.7 percent compared to 2.6 percent observed in the similar quarter of 2016.

4.1.1 Crops

Crop production covers cereals and vegetables and trees planting. During the period of April to June, 2017 crop activity increased at a growth rate of 4.0 percent compared to 2.2 percent attained in the corresponding quarter of 2016. The growth was attributed to favourable rainfall received in most of the production areas during the period as well as farmers abiding to extension officers’ instructions.

Selected major crops that contributed in growth of 4.0 percent during the reference period include maize which increased by 0.9 percent from 1,156 thousand tons in the second quarter of 2016 to 1,167 thousand tons in the corresponding quarter of 2017. Paddy harvested increased by 2.0 percent from 939 thousand tons in the second quarter of 2016 to 958 thousand tons in the similar quarter of 2017. Beans increased by 2.6 percent from 305 thousand tons in 2016 to 313 thousand tons in the corresponding quarter of 2017. Round potato increased by 1.6 percent from 128 thousand tons in 2016 to 130 thousand tons in the similar quarter of 2017. Sweet potato increased by 17.9 percent from 296 thousand tons in 2016 to 349 thousand tons in the corresponding quarter of 2017.

Chart 3: Production of Selected Crops During the Second Quarter of 2016 and 2017

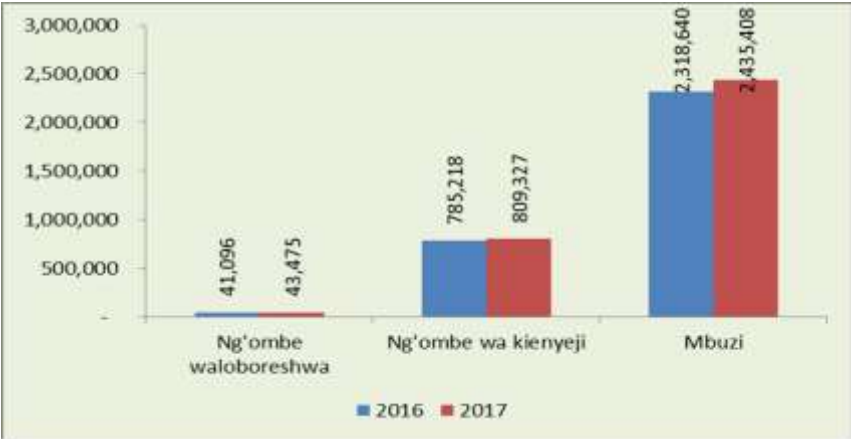

Source: Ministry of Agriculture, Livestock and Fisheries, 2017

4.1.2 Livestock

Livestock covers activities of rearing improved and indigenous cattle; goats; sheep; pigs; donkeys and horses; guinea pigs and rabbits; indigenous and commercial chicken; and other poultry.

Livestock activity increased at a growth rate of 2.7 percent in the second quarter of 2017 compared to 2.5 percent in the similar quarter of 2016. The growth rate was on account of harvested animals and an increase in stock due to breeding.

Chart 4: **Number of Livestock Harvested, During April – June, 2016 and 2017**

Source: NBS September, 2017

4.1.3 Forestry and Logging

The activity covers production of timber, charcoal, fuel wood and Logs, twigs, faggots (bundle of branches) and non-wood forest products.

Forestry activity recorded a growth rate of 5.6 percent in the second quarter of 2017 compared to 3.7 percent registered in the second quarter of 2016. The growth was attributed to the demand of timber for construction activities and daily households need for fuel wood.

4.1.4 Fishing

The activity covers the harvest of fishery resources from marine or freshwater environments, with the goal of capturing fish, crustaceans and other marine products.

Fishing activity growth rate slowed down to 3.1 percent in the second quarter of 2017 from a growth rate of 6.1 percent registered in the similar quarter of 2016. The slow in growth was due to a the government efforts to curb unsustainable and illegal fishing, whereas unfriendly fishing gears are burnt whenever seized.

4.2 Industry and Construction

Industry and construction covers the activities of mining and quarrying; manufacturing; construction; electricity and water supply. The growth rate for Industry and Construction activities during the period of April to June 2017 increased at a rate of 9.8 percent compared to 10.4 percent which is a shortfall of 0.6 percentage points caused by underperformamnce of electricity activity. Detailed activity performamnce for this main activity of Industry and Construction is presented below:

4.2.1 Manufacturing

Manufacturing activity comprises units engaged in the physical or chemical transformation of materials, substances, or components into new products. The materials, substances, or components transformed are raw materials that are products of agriculture, forestry, fishing, mining and quarrying as well as products of other manufacturing activities.

The activity recorded a growth rate of 9.3 percent in the second quarter of 2017 compared to 9.1 percent observed in the corresponding quarter of 2016. The increase in growth rate was mainly attributed to the production of tobacco and tobacco products; textile; timber; printing; chemical and pharmaceuticals and cement production. During the period under review cement production increased from 1,000,818 tons in 2016 to 1,030,865 tons in 2017.

4.2.2 Mining and Quarrying

Mining and Quarrying includes the activities of extraction of minerals occurring naturally as solids (coal and ores), liquids (petroleum) or gases (natural gas). Extraction can be underground, on the surface mining or well operation. It also includes supplementary activities aimed at preparing the crude materials for marketing.

The activity increased at a growth rate of 18.0 percent in the second quarter of 2017 compared to 13.4 percent observed in the corresponding quarter of 2016. The growth was attributed to an increase in production of Tanzanite, Diamond and salt. The quatity of minerals produced during the period are presented in table 1 below:

Table 1: **Production of Selected Minerals During the Period of April – June, 2016 and 2017**

Mineral	Unit	2016	2017
Gold	Kg.	11,577	9,796
Diamond	Carat	58,068	65,076
Tanzanite	Kg.	4,110	8,095
Silver	Kg.	4,873	2,331
Salt	Tons	20,827	22,057

Source: Ministry of Energy and Minerals September, 2017

4.2.3 Construction

The activity includes general construction and specialized construction activities for buildings and civil engineering works.

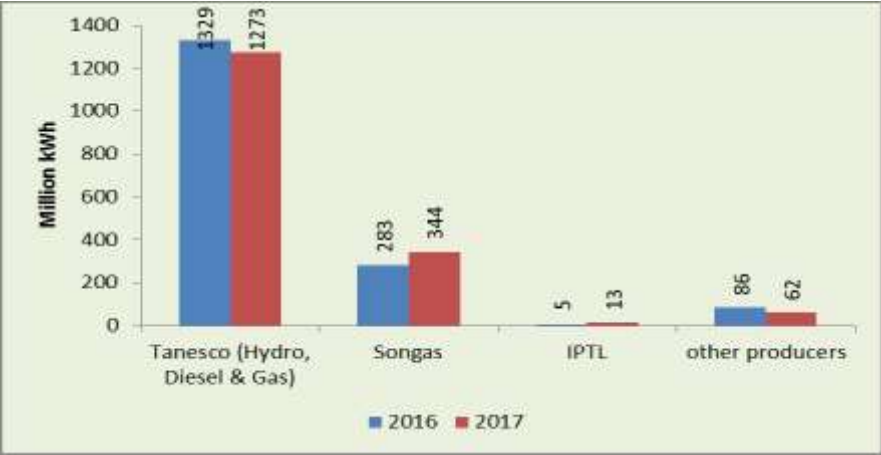

The activity recorded a growth rate of 8.8 percent in second quarter of 2017 compared to 11.1 percent attained in the similar quarter of 2016. The growth rate was attributed to a work in progress of projects for residential and non-residential buildings during the period including road interchange at Ubungo and TAZARA flyover in Dar es Salaam and construction of Manyoni – Tabora and Mtwara – Mvinata roads.

4.2.4 Electricity

Electricity generation in the second quarter of 2017 a slowdown in growth of 0.2 percent compared to a growth of 5.0 percent registered in the corresponding quarter of 2016. The slow in growth was due to expiry of some generation contracts and rehabilitation of power plants, thus the power plants that did not produce power during the period include Symbion, Ngombeni, Tanwat and Iyunga. However, electricity generated from hydro stations increased by 6.5 percent in 2017 compared to 0.3 percent in the corresponding period of 2016.

Total electricity distributed during the period under review increased to 1,425 million kWh in 2017 from 1,414 million kWh in 2016 equivalent to an increase of 0.78 percent.

Chart 4: Electricity Generated (Mill. kWh) for the Second Quarter, 2016 and 2017

Source: TANESCO September, 2017

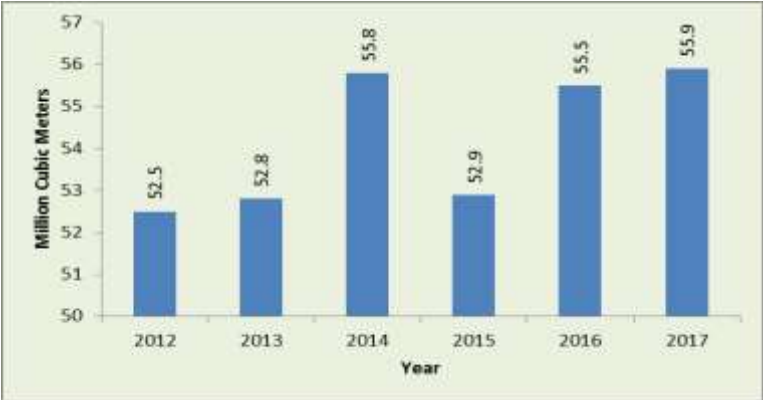

4.2.5 Water Supply

The activity includes collection and purification of water for water supply purposes, desalting sea water to produce water as a principal product of interest and collection of water direct from wells for use by water supply companies or used on own account in Agriculture or households. It also includes water distribution activities.

During the period under review, the quantity of water supplied increased to 55.9 million cubic meters in 2017 from 55.5 million cubic meters supplied in the corresponding quarter of 2016.

The activity increased at a growth rate of 7.0 percent in the second quarter of 2017 compared to a growth rate of 4.3 percent in the corresponding quarter of 2016.

Chart 6: Quantity of Water Produced for the Period April - June, 2013 - 2017

Source: EWURA, 2017

4.3 Services

Services sector covers activities of Trade and Repair; Accommodation and Food service; Transport and Storage; Information and Communication;

Financial and Insurance service; Real Estate; Professional, Scientific and Technical service and Administrative and Support service. Other activities are Public Administration and Defense; Education; Human Health; Arts and Entertainment; Other Social Services and Activities of Households as Employer. During the period under review, service sector increased at a growth rate of 6.8 percent compared to a growth of 10.6 percent in the corresponding period in 2016. Details on the performance of service sector is presented below:

4.3.1 Trade and Repair

The activity includes wholesale and retail sale (sale without transformation) of any type of goods, and rendering services incidental to the sale of merchandise. It also includes repair of motor vehicles and installation and repair of personal and household goods.

During the second quarter of 2017, the activity increased at a growth rate of 5.4 percent compared to 4.7 percent attained in the corresponding quarter of 2016. The growth was attributed to an increase in trade from agricultural products and domestic manufactured goods.

4.3.2 Transportation and Storage

This activity includes the provision of passenger or freight transport, whether scheduled or not, by rail, pipeline, road, water or air and associated activities such as cargo handling, storage etc. The activity also includes renting of transport equipment with driver or operator and postal and courier activities.

The growth rate slowed down to 19.8 percent in the second quarter of 2017 compared to 30.6 percent registered in the second quarter of 2016. The growth was attributed to transportation of agricultural products and domestic manufactured goods by rail and road and transportation of natural gas from Mtwara to Dar es Salaam via pipeline.

4.3.3 Accommodation and Food Services

This activity includes the provision of short-stay accommodation for visitors and other travelers and the provision of complete meals and drinks fit for

immediate consumption. The amount and type of supplementary services provided within this activity can vary widely.

Accommodation and Food Services increased at a growth rate of 3.7 percent in the second quarter of 2017 compared to a growth rate of 2.5 percent in the similar quarter of 2016. The growth was attributed to an increase in international tourist arrivals from 236,268 in the second quarter of 2016 to 278,012 in the corresponding quarter in 2017.

4.3.4 Information and Communication

The industry covers publishing activities, motion picture, video and television programming production, sound recording and music publishing, programming and broadcasting activities.

The activity increased at a growth rate of 12.3 percent in the second quarter of 2017 compared to 11.6 percent in the corresponding quarter of 2016. The increase in growth rate was attributed to an increase in airtime used, internet services and radio and television broadcasting services.

Table 2: Airtime Used and Sms Transmitted During the Period of April - June, 2016 and 2017

Type of Service	2016	2017
Airtime used	116,691,144	120,278,625
Sms transmitted	10,355,120,510	18,847,438,966

Source: TCRA September, 2017

4.3.5 Financial and Insurance Service

The industry covers financial service activities except insurance and pension funding, insurance, reinsurance and pension funding except compulsory social security, and auxiliary to financial service and insurance activities.

The activity increased at a growth rate of 8.2 percent in the second quarter of 2017 compared to 12.4 percent registered in the second quarter of 2016. The slowdown in growth was due to decrease in credit to the private sector. During the period, lending increased from TZS. 16,102.0 billion in the second quarter of 2016 to TZS. 16,187.5 billion in the corresponding quarter of 2017; while deposits increased from TZS. 18,050.7 billion in the second quarter of 2016 to TZS. 19,419.3 billion in the similar quarter of 2017.

4.3.6 Public Administration and Defense

The activity includes the enactment and judicial interpretation of laws, legislative activities, taxation, national defence, public order and safety, immigration services, foreign aids and the administration of government programs. This activity also includes compulsory social security activities.

During the period, the activity recorded a negative growth rate of 3.4 percent in 2017 compared to a growth rate of 17.7 percent registered in the similar quarter of 2016. The growth was on account of removing ghost workers and unscrupulous servants from the public service payroll.

4.3.7 Professional, Scientific and Technical Activities

This activity includes specialized professional, scientific and technical activities. These activities require a high degree of training, and make specialized knowledge and skills available to users.

The activity also involves legal and accounting; activities of head offices; management consultancy; architectural and engineering; technical testing and analysis; scientific research and development; advertising and market research; other professional; scientific and technical and veterinary activities.

The activity increased at a growth rate of 5.4 percent in the second quarter of 2017 compared to a growth rate of 5.9 percent attained in the corresponding quarter of 2016. The slowdown in growth by 0.5 percentage points was on accounts of deceleration of other professional, legal and accounting services provided during the period of April to June, 2017.

4.3.8 Administrative and Support Services

The activity includes a variety of services that support general business operations. Administrative and support services involves rental and leasing; employment; travel agency; tour operator; reservation service and related; security and investigation; services to buildings and landscape; office administrative; office support and other business support activities.

The activity has registered a growth rate of 5.0 percent in the second quarter of 2017 compared to a growth rate of 3.2 percent observed in the similar

quarter of 2016. The growth rate was attributed to the performance of travel agent and tour operators' activities and rental and leasing activities.

4.3.9 Real Estate

This activity includes selling or buying real estate, renting real estate, providing other real estate services such as appraising real estate. Activities in this industry may be carried out on own or leased property and may be done on a fee or contract basis. It also include building of structures, combined with maintaining ownership or leasing of such structures.

The activity recorded a growth rate of 2.3 percent in the second quarter of 2017 compared to a growth of 2.4 percent in the corresponding quarter of 2016. The growth rate was attributed to an increase in demand for houses for renting specifically in urban areas.

4.3.10 Education

This activity includes provision of education in all levels both by public and private education providers. During the period of April to June 2017, the activity registered a growth rate of 5.2 percent compared to 8.6 percent observed in the similar quarter of 2016. The growth rate was attributed to an expansion of enrolment for both primary and secondary school pupils.

4.3.11 Human Health and Social Services

The industry includes the provision of health and social work activities such as health care provided by trained medical professionals in hospitals and other facilities and other residential care activities.

The growth of this activity increased to 7.4 percent in the second quarter of 2017 from 5.5 percent registered in the corresponding quarter of 2016. The growth was attributed to an improved health services provided by both public and private health facilities in the country during the period under review.

4.3.12 Other Social Services and Activities of Households as Employer

This Industry includes the activities of membership organizations, the repair of computers, personal, household goods and a variety of personal service

activities not covered elsewhere in the classification. It also includes Arts, Entertainment and Recreation and Activities of Households as employers.

The activity registered a growth rate of 7.0 percent in the second quarter of 2017 compared to a growth of 6.4 percent in the corresponding quarter of 2016. The growth rate was attributed to an increase in the social services and personal service activities.

5.0 Conclusion

During the second quarter of 2017, the economy increased at a growth rate of 7.8 percent compared to a growth rate of 8.5 percent attained in the corresponding period of 2016. The compilation of Quarterly GDP follows the UN guidelines including the SNA 1993 & 2008 and used data on production of goods and services collected from all economic activities. The fastest growing activity was transport and storage (19.8 percent) followed by Mining and Quarrying (18.0 percent); Manufacturing (9.3 percent) and Construction (8.8 percent).

Moreover, the first semi-annual (January - June) GDP at 2007 constant prices in 2017 increased to TZS. 25.5 trillion from TZS. 23.9 trillion recorded in the corresponding period of 2016 equivalent to an increase of 6.8 percent for 2017 compared to a growth rate of 7.7 percent for 2016. Economic activities that registered higher growth rates were: Mining and Quarrying (26.1 percent); Information and Communication (13.0 percent); Transport and Storage (11.3 percent) and Manufacturing (8.5 percent).
