## **List of Annexes**

Annex 1: Gross Domestic Product by Economic Activity at 2015 Prices – Tshs million.....	18
---	----

## 1.0 Introduction

This report highlights on provisional Quarterly Gross Domestic Product (QGDP) estimates at current and constant 2015 prices for Tanzania Mainland. QGDP facilitates frequent and appropriate policy interventions by providing reliable and timely reports on recent short-term economic developments.

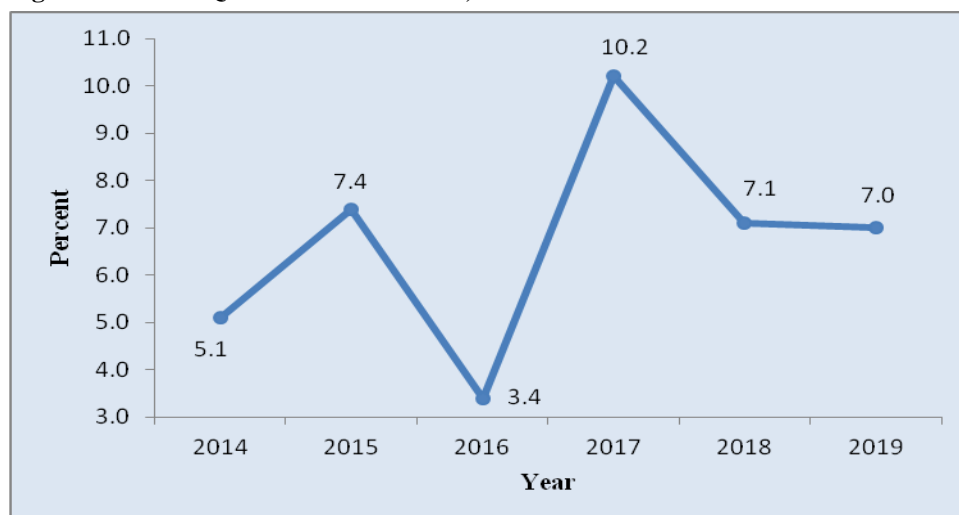

Data used in the compilation of the Fourth Quarter (October – December) GDP of 2019 were collected from all economic activities in the country. The compilation follows the United Nation Statistics Division’s guidelines on the compilation of national accounts statistics including the System of National Accounts 2008.

Currently, the National Bureau of Statistics is implementing the *National Accounts Revision Policy* which became operational in early 2019. The policy allows publication of provisional results which are subject to revision depending on the availability of new or revised quarterly and annual data.

## 2.0 Key Findings

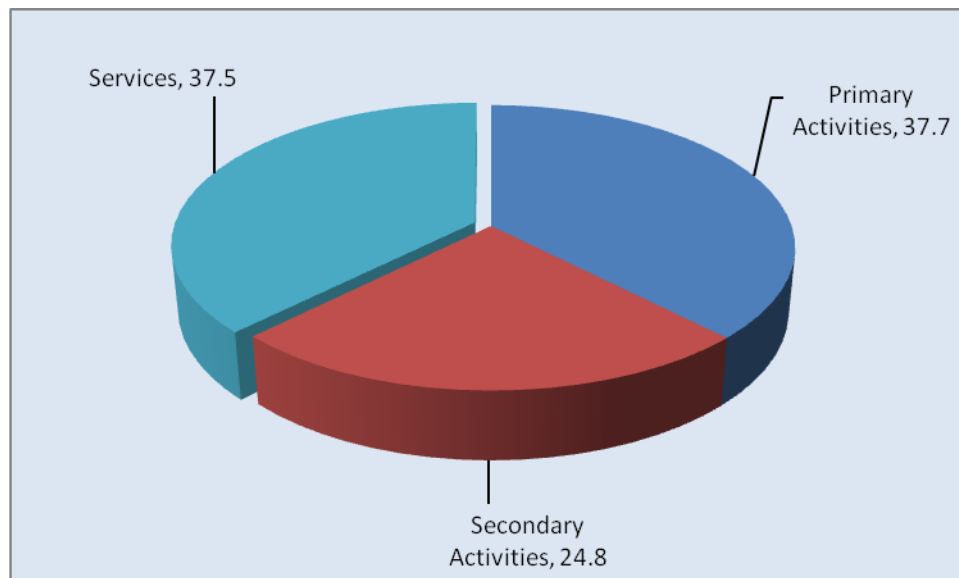

During the period under review (October - December) in 2019, GDP at current prices in absolute terms increased to TZS. 39.1 trillion from TZS. 34.5 trillion observed in 2018. Moreover, in the fourth quarter of 2019, GDP at constant 2015 prices in absolute terms increased to TZS. 33.7 trillion from TZS. 31.5 trillion recorded in the corresponding quarter of 2018, equivalent to 7.0 percent growth.

**Figure 1: Fourth Quarter Growth Rates, from 2014 – 2019**

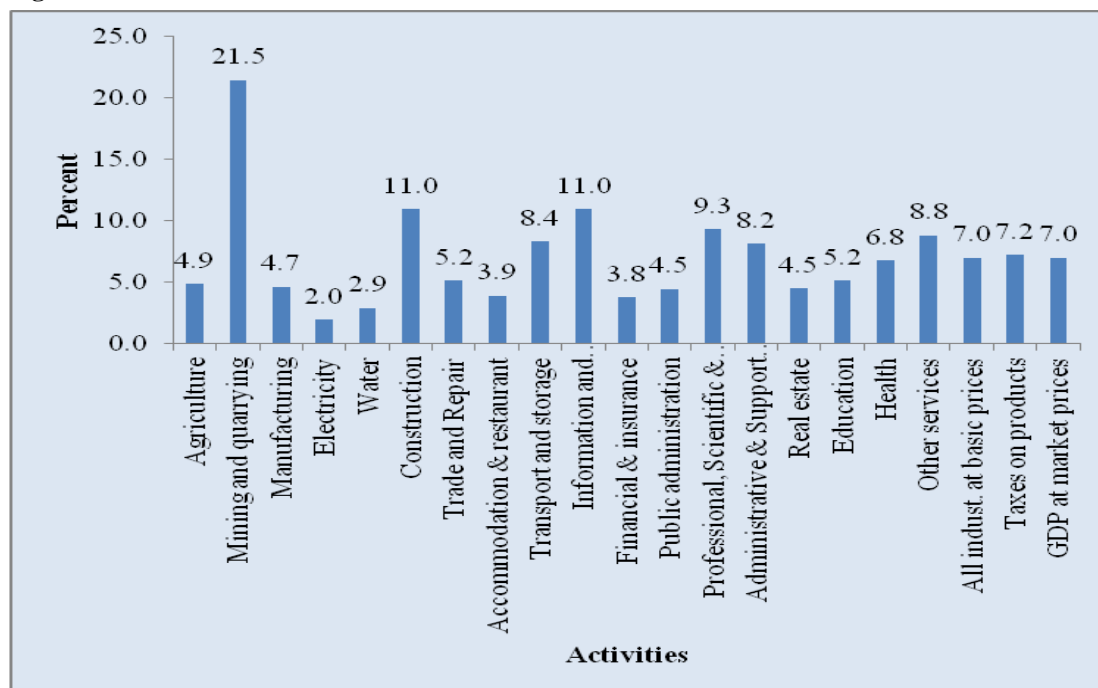

In accordance with the Broad Economic Activities, Primary activities accounted for the largest share<sup>1</sup> to GDP (before adjustment for taxes) of 37.7 percent in the fourth quarter of 2019. Tertiary activities accounted for 37.5 percent while Secondary activities had the least share of 24.8 percent.

**Figure 2: Percentage Share to GDP by Broad Economic Activities at Current Prices**

During the period of October - December in 2019, Mining and Quarrying activity had the highest growth of 21.5 percent followed by Arts and Entertainment at 13.9 percent while activities of Construction and Information and Communication each increased by 11.0 percent.

**Figure 3: Economic Activities' Growth Rates for October – December 2019**

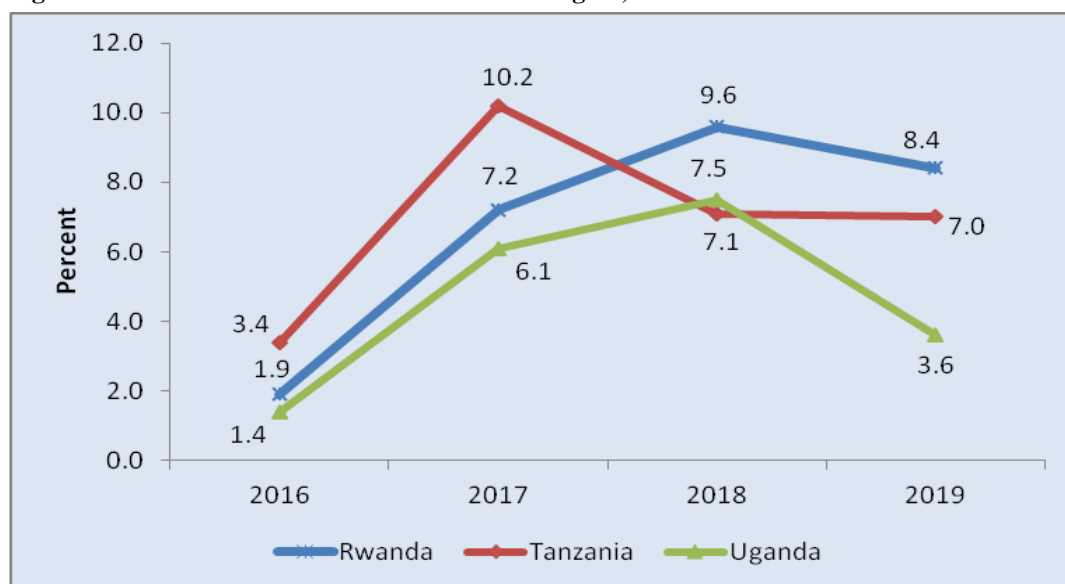

<sup>1</sup> Shares are computed at current prices before adjustment for taxes

### 3.0 *Economic Growth in the East Africa Region*

The economic growth in the East Africa Region during the period under review indicated that: Rwanda's economic growth increased by 8.4 percent compared to 9.6 percent observed in 2018. Uganda's economy recorded a growth rate of 3.6 percent compared to a growth rate of 7.5 percent in 2018. The GDP estimates for Tanzania economy increased by 7.0 percent in 2019 compared to 7.1 percent recorded in 2018. Kenya, Burundi and South Sudan GDP estimates were not released during the publication of this report.

**Figure 4: Economic Growth in the East Africa Region, from 2015 – 2019**

### 4.0 *Sectoral Performance*

Drivers for growth during the fourth quarter of 2019 were construction, agriculture, mining and quarrying, transport and storage and trade and repairs. Detailed explanation of selected activities is given below:

#### 4.1 *Agriculture, Forestry and Fishing*

This activity includes the exploitation of vegetable and animal natural resources that comprise of growing of crops, raising and breeding of animals, harvesting of timber and other plants, animals or animal products from a farm or their natural habitats.

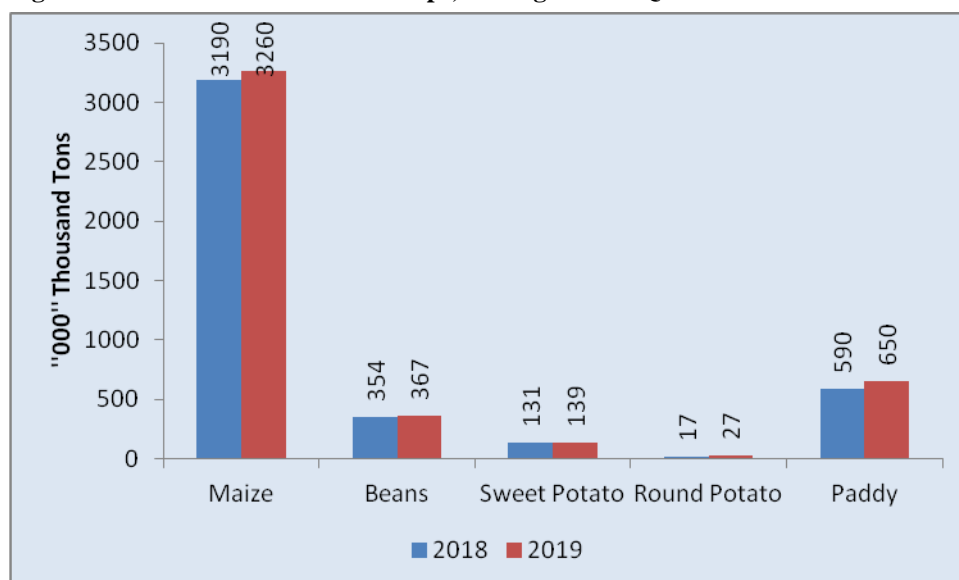

##### 4.1.1 *Crops*

The major crops covered include maize, paddy, sorghum/millet, other cereals, cassava, round potatoes, sweet potatoes, other roots and tubers, beans and other pulses, dried oil seeds, other vegetables, bananas, other fruits, cashew nuts, coffee, cotton, tea, tobacco and other food and cash crops.

Crops production increased by 6.1 percent in the fourth quarter of 2019 compared to 2.9 percent observed in the corresponding quarter of 2018. The increase in growth rate was attributed to favorable rainfall received in areas of the production during the onset of short rain season.

**Figure 5: Production of Selected Crops, During Fourth Quarter of 2018 and 2019**

Major crops that mainly accounted for growth include maize which increased by 2.1 percent in the fourth quarter of 2018 from 3.19 million tons to 3.26 million tons in the corresponding quarter of 2019. Sweet potatoes harvested increased by 5.7 percent in the fourth quarter of 2018 from 131 thousand tons to 139 thousand tons in the similar quarter of 2019. Beans & Pulses increased by 3.7 percent in the fourth quarter of 2018 from 354 thousand tons to 367 thousand tons in the corresponding quarter of 2019. Round Potatoes increased by 60 percent in the fourth quarter of 2018 from 17 thousand tons to 27 thousand tons in the corresponding quarter of 2018. Paddy increased by 10.1 percent in the fourth quarter of 2018 from 590 thousand tons in 2018 to 650 thousand tons in the similar quarter of 2019.

#### **4.1.2 Livestock**

The activity covers activities of rearing improved and indigenous cattle; goats; sheep; donkeys and horses; guinea pigs and rabbits; indigenous and commercial chicken; and other poultry.

Livestock activity remained at a growth of 5.0 percent in the fourth quarter of 2019 as it was in the corresponding quarter of 2018. The growth rate was attributed to the demand for livestock products that increased significantly in line with an increase in per capita income, urbanization as well as increased awareness on food and nutrition.

#### ***4.1.3 Forestry and Logging***

The activity covers production of timber, charcoal, fuel wood and logs, twigs, faggots (bundle of branches) and non-wood forest products.

Forestry activity increased by 6.4 percent in the fourth quarter of 2019 compared to 5.2 percent registered in the similar quarter of 2018. The growth was attributed to the government interventions to ensure sustainable harvest of forest products.

#### ***4.1.4 Fishing***

Fishing activity covers the harvest of fishery resources from marine or freshwater environments, with the goal of capturing fish, crustaceans and other marine products.

The activity recorded a growth rate of negative 8.8 percent in the fourth quarter of 2019 compared to 15.4 percent observed in the corresponding quarter of 2018. The slow in growth rate was due to a decrease in fish catch during the reference period.

### ***4.2 Mining and Quarrying***

Mining and quarrying include the activities of extraction of minerals occurring naturally as solids (coal and ores), liquids (petroleum) or gases (natural gas). Extraction done can be from underground, on the surface mining or well operations. It also includes supplementary activities aimed at preparing the crude materials for marketing, for example, crushing, and grinding, cleaning, drying, sorting, concentrating ores, liquefaction of natural gas and agglomeration of solid fuels. The operations are often accomplished by the units which extract the resource and/or other located nearby.

Mining and Quarrying activity is divided into four industries which are:

- 1) Mining of coal and lignite and extraction of peat;
- 2) Crude petroleum and natural gas;
- 3) Mining of metal ores; and
- 4) Other mining and quarrying

The activity increased by 21.5 percent in fourth quarter of 2019 compared to a growth rate of 3.2 in the corresponding quarter of 2018.

The growth was on account of increased production of gold, silver, and natural gas. During the period under review, Gold production increased to 15,216 kg in the fourth quarter of 2019 from 10,966 kg in the similar quarter of 2018. Production of silver increased to 3,717 kg in the fourth quarter of 2019 from 3,237 tons in the corresponding quarter of 2018. Coal production increased by 35 percent in the fourth quarter of 2019 to 194,151 ton from 144,171 tons recorded in the corresponding quarter of 2018. Natural gas production increased to 16,760 million cubic feet in the fourth quarter of 2019 from 15,872 million cubic feet in the similar quarter of 2018.

**Table 1: Production of Selected Minerals in the Fourth Quarter from 2015 – 2019**

Mineral	Unit	2015	2016	2017	2018	2019
Coal	Ton	75,426	104,010	163,836	144,171	194,151
Gold	Kgs	14,311	11,389	11,737	10,966	15,216
Silver	Kgs	4,605	4,615	2,656	3,237	3,717
Natural Gas	Mscf	12,305	12,257	13,075	15,872	16,760

### ***4.3 Manufacturing***

Manufacturing activity involves physical or chemical transformation of materials, substances, or components into final or semi processed goods. Materials for processing include products of agriculture, forestry, fishing, mining and quarrying as well as products of other manufacturing activities.

The activity recorded a growth of 4.7 percent in the fourth quarter of 2019 compared to 16.7 percent in the similar quarter of the year 2018. The growth rate was attributed to an increased in the production of industrial goods in general.

### ***4.4 Electricity***

The activity covers provision of electric power and natural gas, through a permanent infrastructure (network) of lines, mains, and pipes. Specifically, the activity involves generation of electricity mainly from hydro, thermal and gas sources. It also includes electricity transmission and distribution activities. The main sources of data are the power generation companies.

During the fourth quarter of 2019, the activity increased by 2.0 percent compared to a growth of 9.8 percent observed in the similar quarter of 2018.

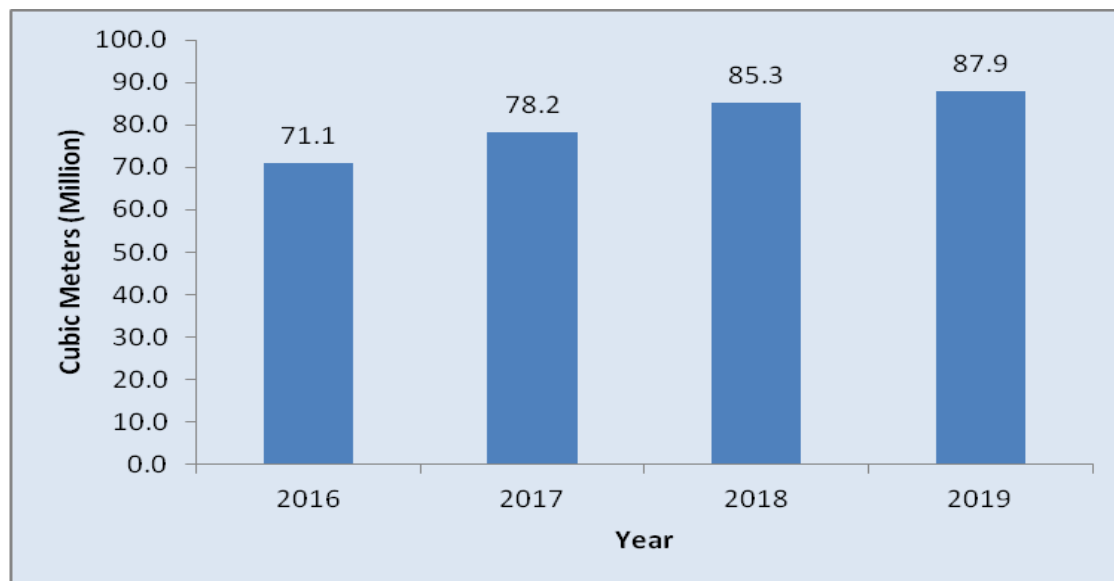

#### **4.5 Water Supply and Sewarage**

The activity includes collection and purification of water for water supply purposes, desalting of sea water to produce water as the principal product of interest and collection of water directly from wells for use by water supply companies or used on own account in agriculture or households. It also includes water distribution activities.

The indicator for growth of water supply activity is based on the quantity of water produced. During the period of October - December 2019, the quantity of water produced increased to 87.9 million cubic meters from 85.3 million cubic meters produced in the similar quarter of 2018.

The activity recorded a growth rate of 2.9 percent in the fourth quarter of 2019 compared to 8.3 percent in the corresponding quarter of 2018. The growth was attributed to among others improvement in water production infrastructure, increased capacity and production to meet the water demand resulted from population increase especially in urban areas.

**Figure 6: Water Produced (Cubic Meters Million), in the Fourth Quater, from 2016 – 2019**

#### **4.6 Construction**

This activity includes general construction and specialized construction activities for buildings and civil engineering works. It includes new work, repair, additions and alterations, the erection of prefabricated buildings or structures on the site and construction of a temporary nature.

General construction is the construction of entire dwellings, other buildings, stores and other public, utility buildings and farm buildings. it also includes construction in civil engineering works such as motorways, streets, bridges, tunnels, railways,

airfields, harbours and water projects, irrigation systems, sewerage systems, industrial facilities, pipelines and electric lines as well as sports facilities.

The activity recorded a growth rate of 11.0 percent in the fourth quarter of 2019, compared to 17.3 percent in the corresponding quarter of 2018. The growth was attributed to an increase in the domestic production of construction materials including cement, iron and steels that are used as proxy of construction activity.

#### ***4.7 Trade and Repairs***

The activity includes wholesale and retail sale (sale without transformation) of any type of goods, as well as rendering services incidental to the sale of merchandise. It also includes repair of motor vehicles and installation and repair of personal and household goods. The activity involves the buying and selling of goods.

The activity increased by 5.2 percent in the fourth quarter of 2019 compared to a growth rate of 8.0 percent recorded in the similar quarter of 2018. The growth was attributed to an increase in traded goods specifically agricultural products as well as imported manufactured goods.

#### ***4.8 Transport and Storage***

This activity includes the provision of transport to passenger or freight, whether scheduled or not, by rail, pipeline, road, water or air and associated activities such as cargo handling, storage etc. The activity also includes renting of transport equipment with driver or operator and postal and courier activities.

Transport and Storage activity recorded a growth of 8.4 percent in the fourth quarter of 2019 compared to 12.6 percent in the similar quarter of 2018. The growth rate was attributed to an increase in number of passengers carried and freight handled during the period under review.

#### ***4.9 Accommodation and Food Services***

This activity includes the provision of short-stay accommodation for visitors and other travelers and the provision of complete meals and drinks fit for immediate consumption. The amount and type of supplementary services provided within this section can vary widely.

Accommodation and food services increased by 3.9 percent in the fourth quarter of 2019 compared to a growth rate of 1.9 percent in the similar quarter of 2018. The

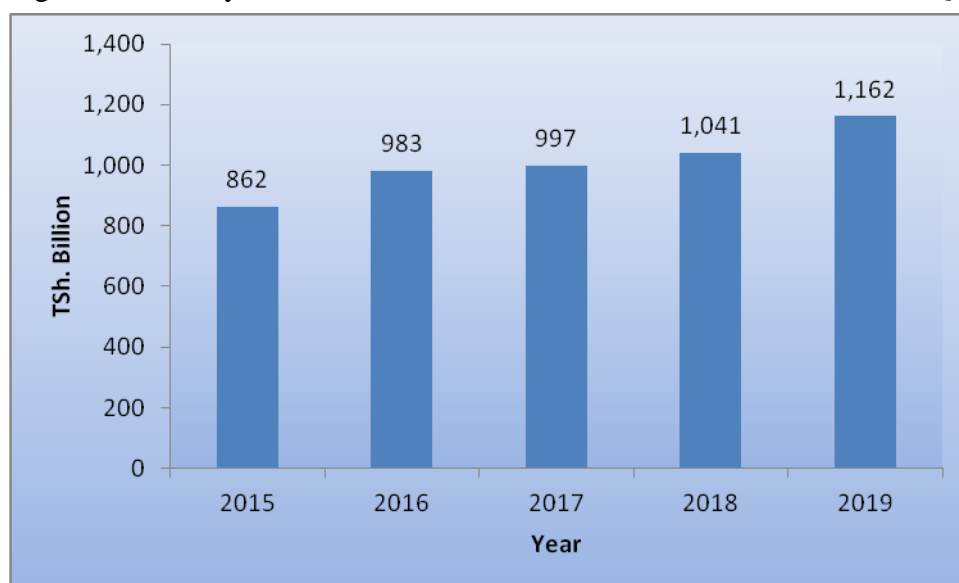

growth rate attributed to an increase in number of tourist arrivals to 418,227 in the fourth quarter of 2019 from 375,132 in the similar quarter of 2018.

#### ***4.10 Information and Communication***

The activity covers publishing activities, motion picture, video and television programming production; sound recording and music publishing; programming and broadcasting activities; such as radio and television broadcasting; telecommunications, computer programming, consultancy and related activities and information service activities; data processing and news agencies.

The activity recorded a growth rate of 11.0 percent in the fourth quarter of 2019 compared to 4.4 percent in the similar quarter of 2018. The growth was attributed to an increase in airtime used by mobile phone customers and the expansion of broadcasting and internet services in the country.

Figure 7: Sales by Telecommunication Service Providers, in the Fourth Quarter 2015 – 2019

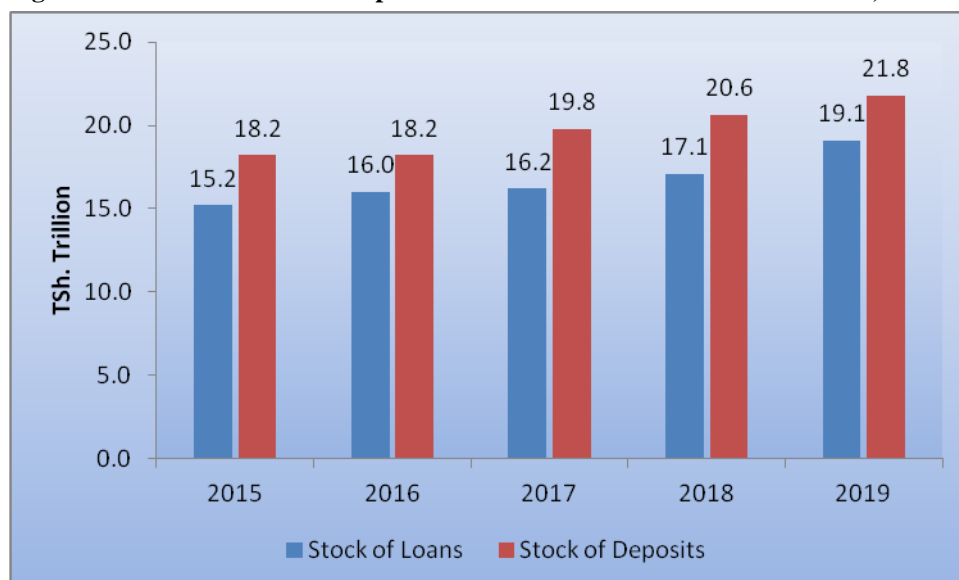

#### ***4.11 Financial and Insurance Services***

The activity covers financial services, insurance and reinsurance; voluntary pension services and auxiliary to financial service. It also includes the activities of holding assets, such as holding companies, trusts, funds and similar financial entities.

The activity growth rate increased by 3.8 percent in the fourth quarter of 2019 compared to a negative growth of 0.5 percent in the fourth quarter of 2018. The growth was attributed to an increase of 5.9 percent in level of deposits from 20.6

trillion in 2018 to 21.8 trillion in 2019 and an increase of 11.3 percent in level of lending from 17.1 trillion in 2018 to 19.1 trillion in 2019; as well as an increase in services provided by insurance companies.

**Figure 8: Stock of Loans and Deposits for the Period of October - December, 2015 – 2019**

#### ***4.12 Real Estate***

The activity includes selling or buying of real estate, renting real estate, providing other real estate services such as appraising real estate. Activities in this industry may be carried out on own or leased property and may be done on a fee or contract basis. Also included is the building of structures, combined with maintaining ownership or leasing of such structures.

The activity growth rate remained at 4.5 percent in the fourth quarter of 2019 as it was in the corresponding period of 2018. The growth rate was attributed to an increase of demand for accommodation especially in urban areas.

#### ***4.13 Professional, Scientific and Technical Services***

This activity includes specialized professional, scientific and technical activities. These activities require a high degree of training, as well as making specialized knowledge and skills available to users. It also involves legal and accounting; activities of head offices; management consultancy; architectural and engineering; technical testing and analysis; scientific research and development; advertising and market research; other professional; scientific and technical as well as veterinary activities.

The activity increased by 9.3 percent in the fourth quarter of 2019 compared to 6.9 percent recorded in the similar quarter in 2018. The growth rate was attributed to an increase in other professional, legal and accounting activities.

#### ***4.14 Administrative and Support Services***

The activity includes a variety of services that support general business operations. Administrative and support services involve rental and leasing; employment; travel agency; tour operator; reservation service and related activities; security and investigation; as well as services to buildings and landscape.

The activity increased by 8.2 percent in the fourth quarter of 2019 compared to 6.1 percent in the similar quarter of 2018. The growth rate was attributed to an increase in the performance of travel agent and tour operators' services.

#### ***4.15 Public Administration and Defence; Compulsory Social Security***

The activity includes the enactment and judicial interpretation of laws, legislative activities, taxation, national defence, public order and safety, immigration services, foreign affairs and the administration of government programmes. This activity also includes services of compulsory social security schemes.

The activity recorded a growth rate of 4.5 percent in the fourth quarter of 2019 compared to a growth rate of 1.8 percent in the corresponding quarter of 2018. The growth was attributed to an increase in government spending on account of maintaining peace and order.

#### ***4.16 Education***

This activity includes provision education services at any level or for any profession, oral or written as well as by radio and television or other means of communication. It includes education by the different institutions in the regular school system at different levels as well as adult education and literacy programs. The activity includes public as well as private education services.

The activity recorded a growth rate of 5.2 percent in the fourth quarter of 2019 compared to a growth rate of 5.0 percent in the similar quarter of 2018. The growth was attributed to an increase in the number of enrolled students in public and private primary and secondary schools as well as an increase in government spending on education services.

#### ***4.17 Human Health and Social Work***

The activity includes provision of health and social services. It covers a wide range of activities, such as health care provided by trained medical professionals in hospitals and other facilities, other residential care activities that still involve a degree of health care activities to social work activities without any involvement of health care professionals.

The activity recorded a growth rate of 6.8 percent in the fourth quarter of 2019 compared to 2.2 percent recorded in the corresponding quarter of 2018.

#### ***4.18 Arts, Entertainment and Recreation***

This activity includes a wide range of activities to meet varied cultural, entertainment and recreational interests of the general public, including live performances, operation of museum sites, gambling, sports and recreation activities.

The activity recorded a growth rate of 13.9 percent in fourth quarter 2019 compared to 9.8 percent in the corresponding quarter of 2018. The growth was attributed to an increase in sales of artistic items and recreation services specifically to urban populations.

#### ***4.19 Other Services***

The industry includes activities of membership organizations, repair of computers and personal and household goods and a variety of personal service not covered elsewhere in the classification.

The activity recorded a growth rate of 8.1 percent in the fourth quarter of 2019 compared to 4.7 percent in the similar quarter of 2018. The growth rate was attributed to an increase in the urban population and personal service activities.

#### ***4.20 Activities of Households as Employers***

Activities of households as employers include domestic personnel such as maids, cooks, waiters, valets, butlers, laundresses, gardeners, gatekeepers, chauffeurs, caretakers, governesses, babysitters, tutors, secretaries etc. The activity allows the domestic personnel employed to state the activity of their employer in censuses or studies, even though the employer is an individual. The product produced by this activity is consumed by the employing household.

The activity remained at a growth rate of 3.1 percent in the fourth quarter of 2019 as it was in the corresponding quarter of 2018. The growth rate was attributed to an increase in the urban population.

#### ***5.0 Conclusion***

During the period under review, GDP recorded a growth rate of 7.0 percent compared to 7.1 percent in the corresponding quarter of 2018. Activities that recorded significant growth rates were: Mining and Quarrying 21.5 percent; Arts, Entertainment and Recreation 13.9 percent, while Construction and Information and Communication each increased at 11.0 percent.

**Annex 1: Gross Domestic Product by Economic Activity at 2015 prices – TZS Million**

Year	Quarter	Agriculture	Mining and quarrying	Manufacturing	Electricity	Water	Construction	Trade and Repair	Accommodation & restaurant	Transport and storage	Information and communication	Financial & insurance
