

**THE UNITED REPUBLIC OF TANZANIA**

**HIGHLIGHTS FOR  
THE SECOND QUARTER (APRIL - JUNE)  
GROSS DOMESTIC PRODUCT, 2016**

**National Bureau of Statistics  
Ministry of Finance and Planning  
September, 2016**

## 1. Introduction

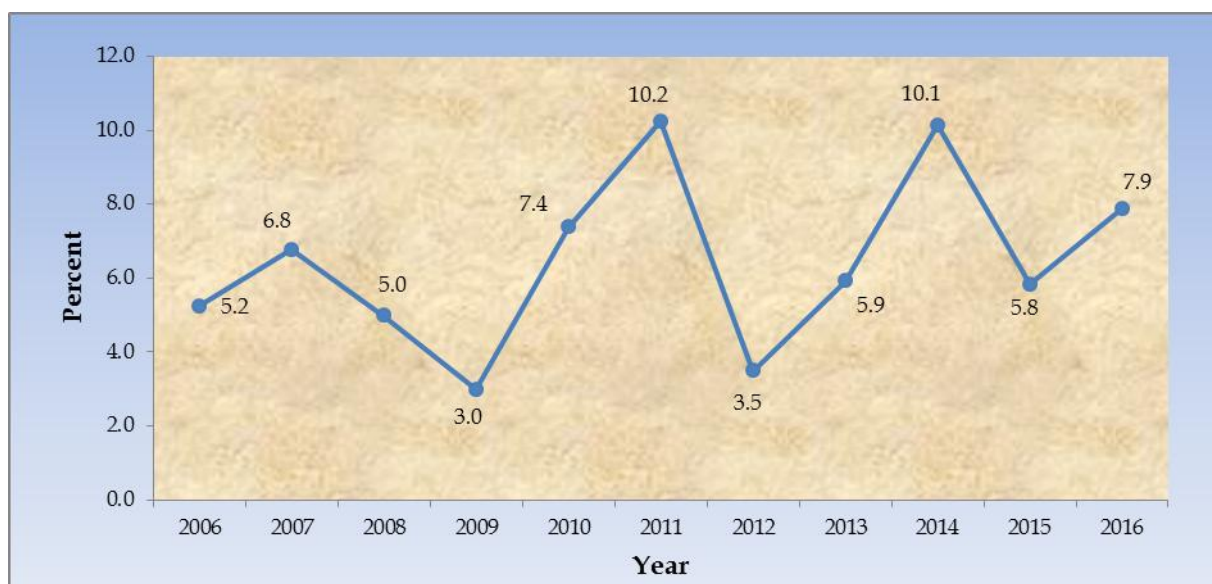

Gross Domestic Product (GDP) is measured as a value of goods and services produced by resident producers during an accounting period. Accounting period could be quarterly, semi-annual or annual. The following sections provide performance of economic activities in the second quarter of 2016.

## 2. Key Findings

The second quarter Gross Domestic Product at current prices for 2016 in absolute terms was TZS. 26.7 trillion compared to TZS. 23.0 trillion attained in the similar quarter of 2015.

During the period under review, Gross Domestic Product at constant prices for the second quarter of 2016 in absolute terms was TZS. 11.7 trillion compared to TZS. 10.9 trillion for the similar quarter of 2015. The quarterly GDP increased at a rate of 7.9 percent in the second quarter of 2016 compared to 5.8 percent observed in the corresponding period of 2015.

**Chart 1: Growth Rates for the Second Quarter GDP, (April - June) 2006 - 2016**

Source: NBS

The performance of selected economic activities observed in the second quarter of 2016 shows that Transport and Storage increased at the highest growth rate of 30.6 percent followed by Mining and Quarrying which recorded the growth rate of 20.5 percent and Information and Communication increased at a growth rate of 12.6 percent. However, Accommodation Services and Real Estate have recorded the lowest growth rates of 2.6 percent and 2.3 percent respectively for the quarter under-review.

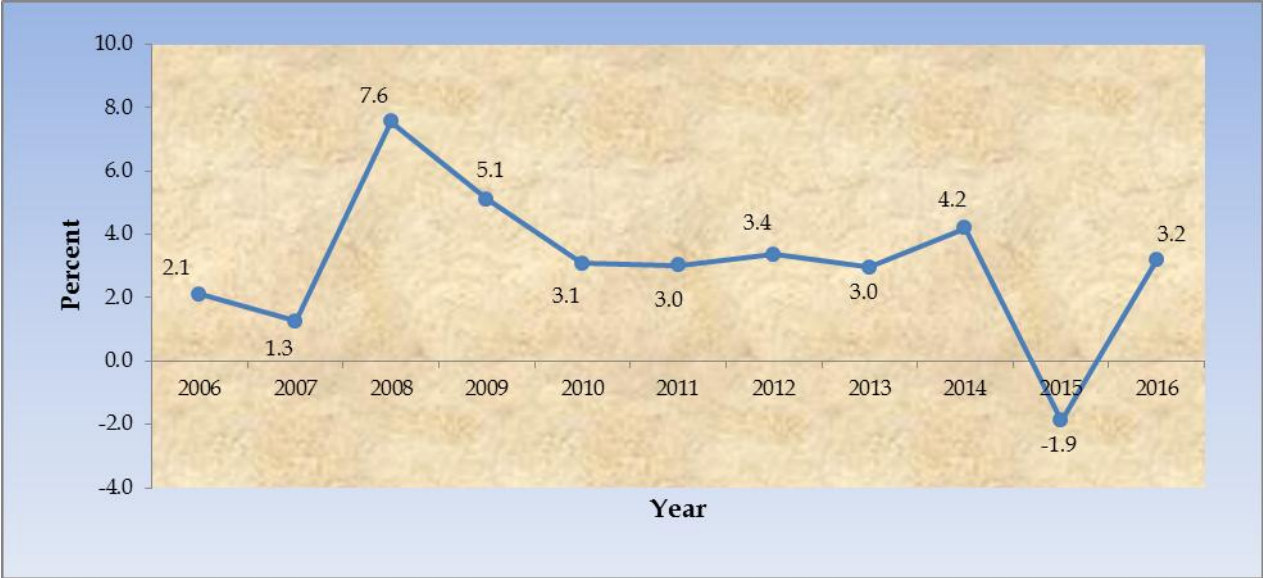

## 3. Economic Growth by Economic Activity

### 3.1 Agriculture

This activity includes the exploitation of vegetable and animal resources, engaging in growing of crops, raising and breeding of animals, harvesting of timber and other plants, animals or animal products from a farm or their natural habitats.

During the second quarter of 2016, Agriculture activity has increased at a growth rate of 3.2 percent compared to a negative growth of 1.9 percent observed in the corresponding quarter of 2015. The increase in growth rate was attributed to favorable rainfall for agricultural production in most production areas and extension services provided to farmers during the period under review.

**Chart 2 : Trends in the Second Quarter (April - June) Agriculture Growth Rates, 2011 - 2016**

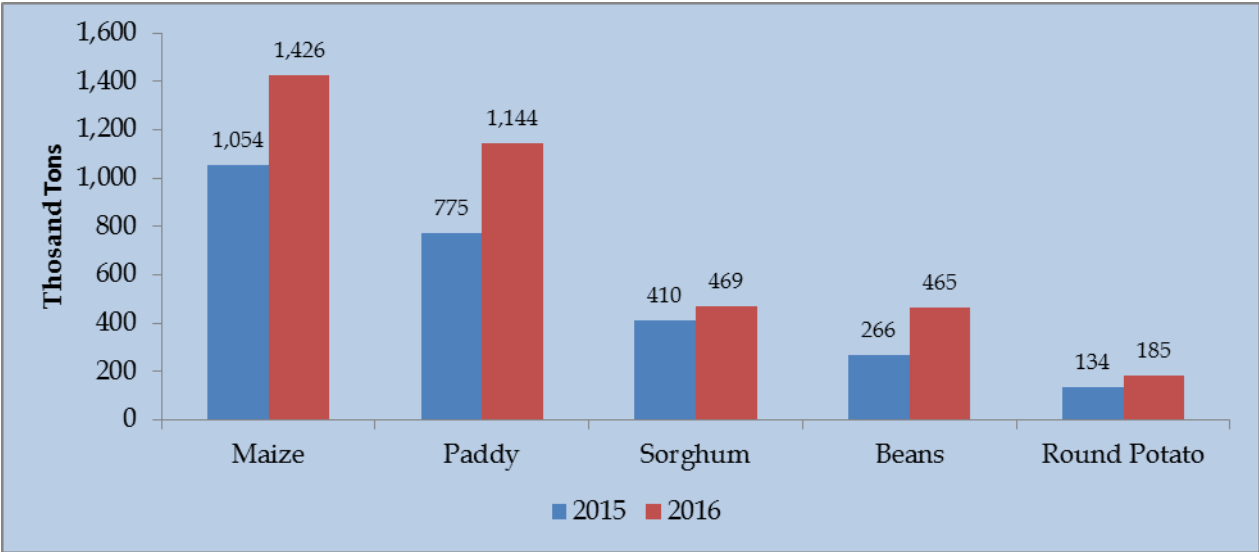

Source: NBS

**Crops**

The core crops covered in this sub-activity include maize, paddy, sorghum/ millet, other cereals, cassava, Irish potatoes, sweet potatoes, other roots and tubers, beans and other pulses, dried, oil seeds, other vegetables, bananas, other fruit, cashew nuts, coffee, cotton, tea, tobacco and other food and cash crops.

The growth in the crop production has increased at a rate of 3.4 percent in the second quarter of 2016 compared to a negative growth of 5.2 percent in the similar quarter of 2015. The increase in growth rate was attributed to a favorable rainfall received in production areas during the agricultural seasons and government effort to provide subsidies, and provision of agricultural extension services. The increase in crop production played a big role to boost agriculture growth during the quarter, since the weight of crops in this activity accounts for 58 percent.

**Chart 3: Production of Selected Crops for the Second Quarter 2015 and 2016**

Source: Ministry of Agriculture, Livestock and Fisheries and NBS

Major crops which contributed to such increase include maize which went up by 35.3 percent from tonnes 1,054 in the second quarter of 2015 compared to 1,426 tonnes in the similar quarter of 2016. Paddy harvested also increased by 47.6 percent from 775 tonnes in the second quarter of 2015 to 1,144 tonnes in the second quarter of 2016. Sorghum increased by 14.4 percent that is from 410 tonnes in 2015 to 469 tonnes in the similar quarter of 2016. Beans increased by 74.8 percent from 266 tonnes in 2015 to 465 tonnes in the similar quarter of 2016. Round Potato increased by 38.1 percent from 134 tonnes in 2015 to 185 tonnes in the similar quarter of 2016.

**Livestock**

Livestock covers activities of rearing improved and indigenous cattle; goats; sheep; pigs; donkeys and horses; guinea pigs and rabbits; indigenous and commercial chicken; and other poultry.

Livestock activity has recorded a growth rate of 2.5 percent in the second quarter of 2016 compared to 2.3 percent in the similar quarter of 2015. The increase in growth was attributed to an improved records of livestock sold for slaughter and animal products such as milk and skin and hides during the period under review.

**Forestry and Logging**

Production of timber, charcoal, fuel wood and Logs, twigs, faggots (bundle of branches) and non-wood forest products are major activities covered under forestry and logging.

Forestry activity has registered a growth rate of 3.7 percent in the second quarter of 2016 compared to 3.9 percent registered in the similar quarter of 2015. The growth was attributed to a sustainable harvest of forest products.

**Fishing**

The activity covers the harvest of fishery resources from marine or freshwater environments, with the goal of capturing fish, crustaceans and other marine products.

Fishing activity recorded a growth rate of 3.6 percent in the second quarter of 2016 compared to a growth rate of 3.7 percent recorded in the corresponding quarter of 2015. The growth rate was attributed to fish catch during the period under review.

### 3.2 Mining and Quarrying

Mining and Quarrying includes the activities of extraction of minerals occurring naturally as solids (coal and ores), liquids (petroleum) or gases (natural gas). Extraction can be underground, on the surface mining or well operation. It also includes supplementary activities aimed at preparing the crude materials for marketing.

The activity has registered a growth rate of 20.5 percent in the second quarter of 2016 compared to 11.2 percent recorded during a similar quarter of 2015. The growth was mainly attributed to an increase in production of diamond, Tanzanite, salt, natural gas, gold, copper and silver production. Significant production was observed in the natural gas production.

**Table 1: Production of Selected Minerals During the Period of April - June, 2016**

Mineral	Unit	2015	2016
Diamond	Carat	52,928	58,068
Tanzanite	Kg.	3,110	4,110
Salt	Tons	15,938	20,827
Natural Gas	mmSft3	7,793	11,267
Gold	Kg.	10,682	11,577
Copper	Tons	3.8	4.8
Silver	Kgs	3,827	4,873

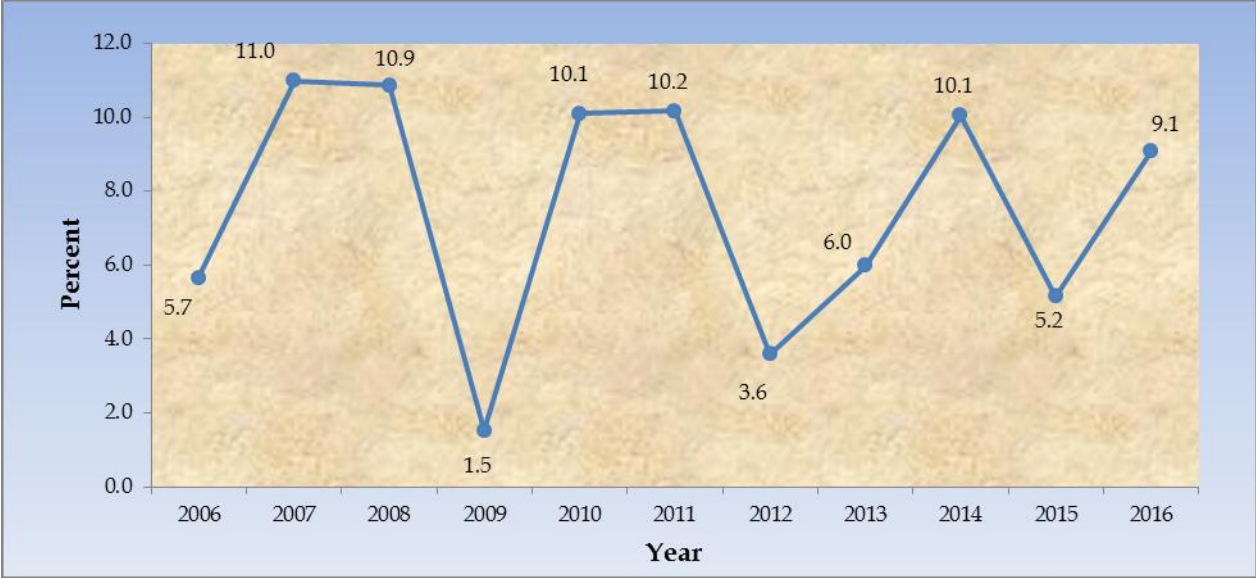

Source: TPDC and Ministry of Energy and Minerals

### 3.3 Manufacturing

Manufacturing activity comprises units engaged in the physical or chemical transformation of materials, substances, or components into new products. The materials, substances, or components transformed are raw materials that are products of agriculture, forestry, fishing, mining and quarrying as well as products of other manufacturing activities.

The activity has recorded a growth rate of 9.1 percent in the second quarter of 2016 compared to 5.2 percent in the corresponding quarter of 2015. The increase in growth rate was mainly attributed to the production of food, beverage, tobacco, textiles, cement, printing, chemicals and pharmaceuticals, basic metals and furniture products.

Chart 4 : Trends in the Second Quarter (April - June) Manufacturing Growth , 2011 - 2016

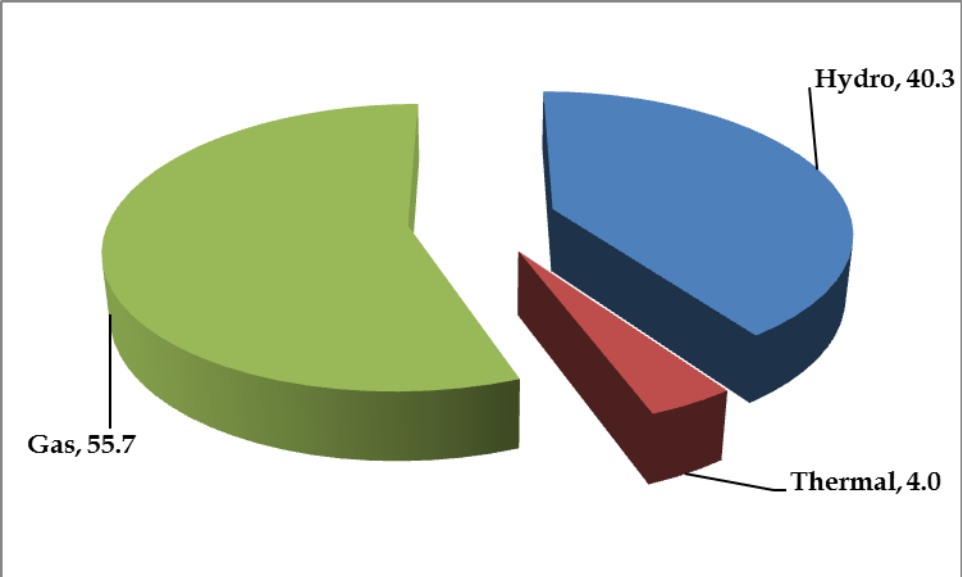

Source: NBS

**3.4 Electricity**

Electricity generated during the period of April to June, 2016 using gas accounted for 55.7 percent of the total power generated. In the same reference period, quantity of electricity generated from hydro and thermal sources accounted for 40.3 and 4.0 percent respectively (*chart 5*).

Chart 5: **Percentage Distribution of Electricity Generated by Source for the Period of April - June, 2016**

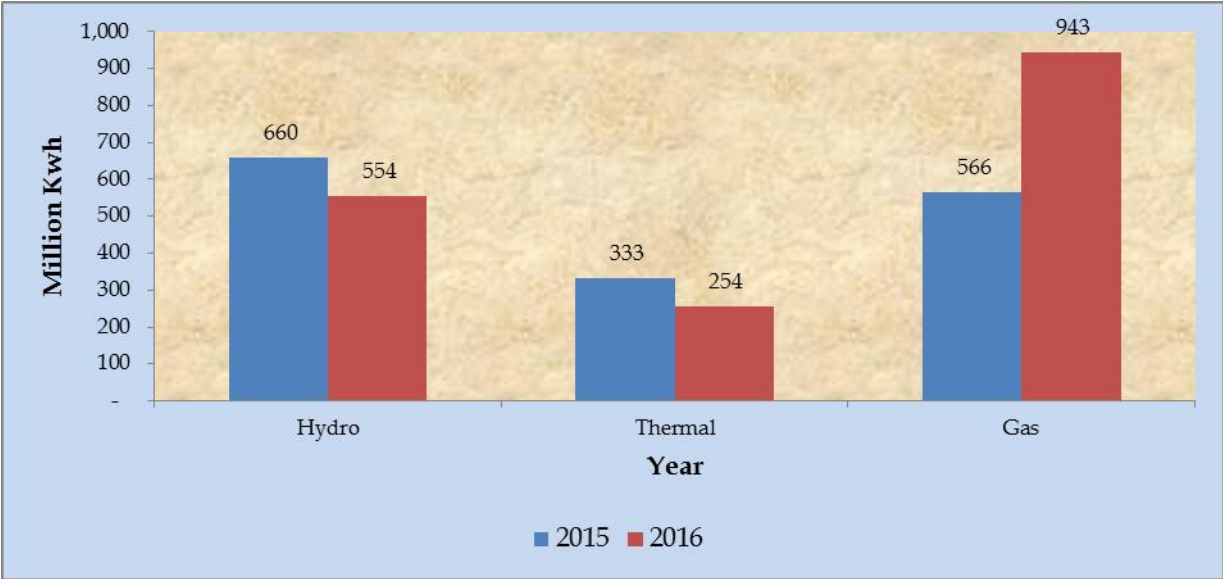

Source: TANESCO

The activity recorded a growth rate of 7.1 percent in the second quarter of 2016 compared to 18.5 percent in the corresponding quarter of 2015. The growth rate of electricity activity depends mainly on the quantity of electric power generated and distributed to customers. During the

period under review, total electricity generation increased to 1,751 mill. kwh from 1,559 mill. kwh generated in the similar quarter of 2015.

Chart 6: Quantity of Electricity Generated (Mill. Kwh) by Source for 2015 and 2016.

Source: TANESCO

**3.5 Water Supply**

The activity includes collection purification of water for water supply purposes. This activity is mainly the quantity of water supplied during the period under review.

The activity grew at a rate of 4.3 percent in the second quarter of 2016 compared to 7.6 percent observed in the corresponding quarter of 2015. During the period of April - June, 2016, the quantity of water supplied has recorded 55.5 mill cubic meters in 2016 compared to 52.9 mill. cubic meter recorded in the similar quarter of 2015.

Chart 7: Quantity of Water Produced for the Period April - June, 2011 - 2016

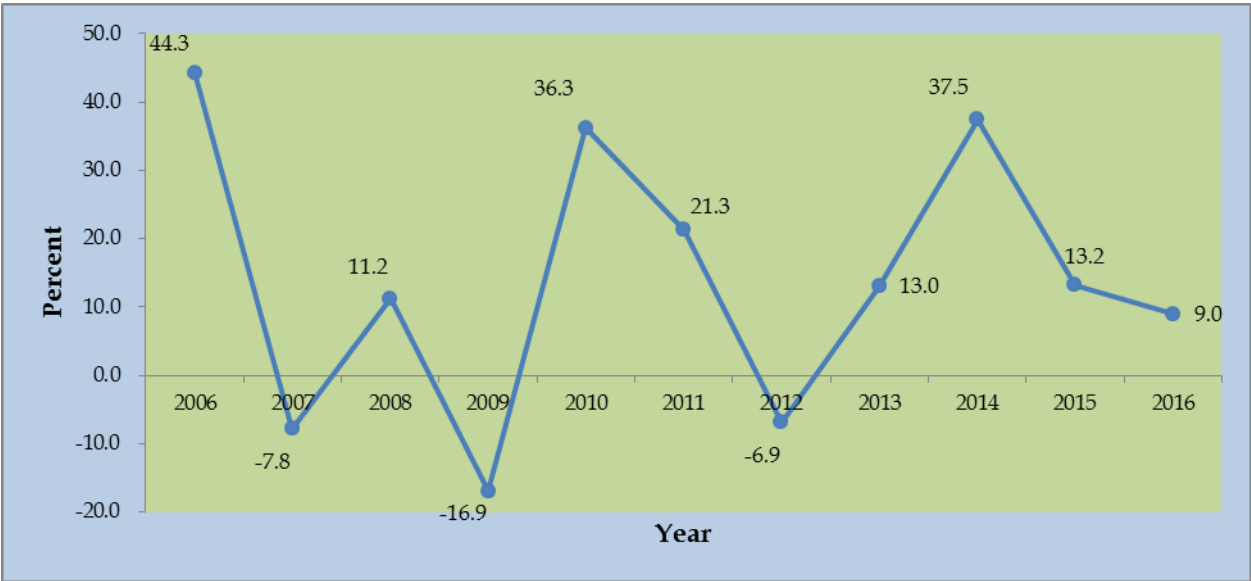

Source: EWURA

**3.6 Construction**

The activity includes general construction and specialized construction activities for buildings and civil engineering works.

The activity has recorded a growth rate of 9.0 percent in second quarter of 2016 compared to 13.2 percent recorded in the corresponding quarter of 2015. The decline in growth rate was attributed to a slow kickstart of some investment during the period under review. The quantity of cement produced in the second quarter of 2016 has increased to 1,000,818 tons from 711,079 tons produced in the corresponding period in 2015. Gravel and stones produced has increased to 13.0 million tons in the second quarter of 2016 from 1.3 million tons produced in the corresponding quarter of 2015. Meanwhile, the value of imports of iron and steel bars for construction purposes during the period under review increased from Sh. 20.6 billion in 2015 to Sh. 29.5 billion in 2016.

Chart 8: Trends in the Second Quarter (January - March) Construction Growth, 2011 - 2016

Source: NBS

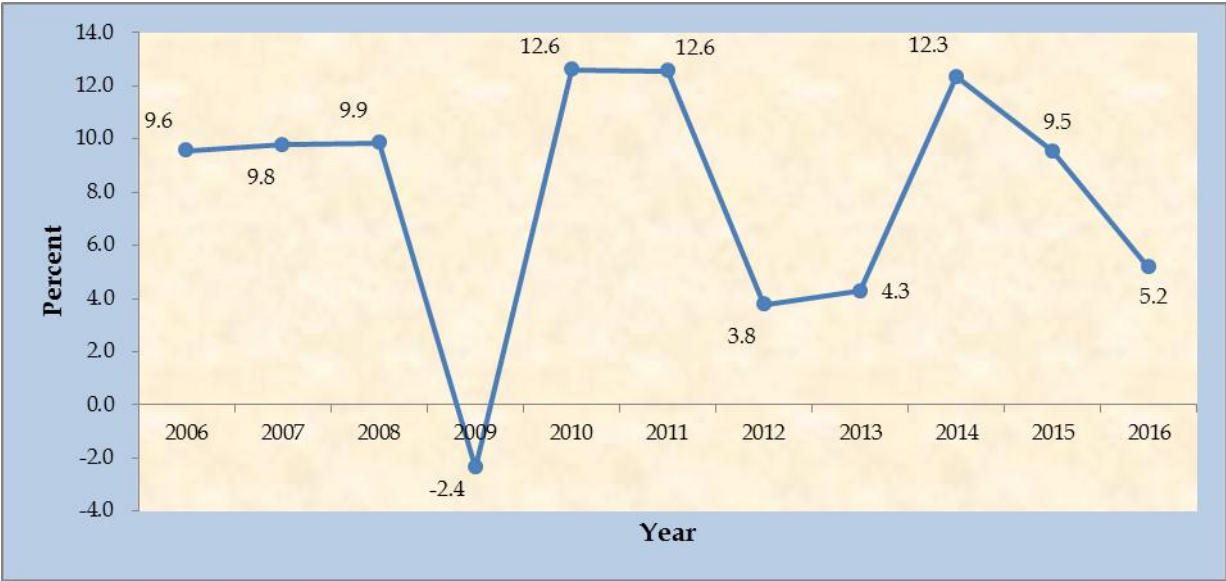

**3.7 Trade and Repair**

The activity includes wholesale and retail sale (sale without transformation) of any type of goods, and rendering services incidental to the sale of merchandise. It also includes repair of motor vehicles and installation and repair of personal and household goods.

The activity registered a growth rate of 5.2 percent in the second quarter of 2016 compared to 7.3 percent in the corresponding quarter of 2015. The decline in growth rate was attributed to the slight decrease of wholesale trade and retail trade as a result of decreased imports of merchandise goods.

Chart 9: Trends in the Second Quarter (April - Juni) Trade and Repair Growth, 2011 - 2016

Source: NBS

**3.8 Transportation and Storage**

This activity includes the provision of passenger or freight transport, whether scheduled or not, by rail, pipeline, road, water or air and associated activities such as cargo handling, storage etc. The activity also includes renting of transport equipment with driver or operator and postal and courier activities.

Transport and Storage increased at the rate of 30.6 percent in the second quarter of 2016 compared to 9.4 percent registered in the similar quarter of 2015. The increase in the growth was attributed to a significant increase in number of passengers and cargo transported by road and rail transport and transportation of natural gas via pipelines.

**Table 2: Transportation of Passengers and Goods During the Period of April - June, 2016 and 2015**

Means of Transport	Unit	2015	2016
Pipelines	mmSFt3	7,793	11,267
Rail Passengers	Thousand	335	594
Road Passengers	Thousand	8,750	11,546

Source: TPDC and SUMATRA

**3.9 Accommodation and Food Services**

This activity includes the provision of short-stay accommodation for visitors and other travelers and the provision of complete meals and drinks fit for immediate consumption.

Accommodation and Food Services has recorded a growth rate of 2.5 percent in the second quarter of 2016 compared to a growth rate of 1.0 percent in the similar quarter of 2015. The growth was attributed to an increase of international arrivals in Tanzania from 230,965 during the second quarter of 2015 to 236,268 in the corresponding quarter of 2016.

### **3.10 Information and Communication**

The industry covers publishing activities, motion picture, video and television programming production, sound recording and music publishing, programming and broadcasting activities.

The activity registered a growth rate of 12.6 percent in the second quarter of 2016 compared to 11.8 percent of the similar quarter of 2015. The increase in growth by 0.8 percentage points was attributed to increase in airtime used by mobile phone customers and the expansion of television and radio broadcasting and internet services in the country.

### **3.11 Financial Intermediation and Insurance**

The industry covers financial service activities except insurance and pension funding, insurance, reinsurance and pension funding except compulsory social security, and auxiliary to financial service and insurance activities.

The activity registered a growth rate of 12.5 percent in the second quarter of 2016 compared to 10.0 percent registered in the similar quarter of 2015. The increase in growth by 2.5 percentage points was attributed to increase in levels of deposits of TZs. 18.0 trillion in the second quarter of 2016 compared to TZs. 16.2 trillion in the corresponding quarter of 2015; increase in lending up to TZs. 16.1 trillion in the second quarter of 2016 from TZs. 13.7 trillion in the corresponding quarter of 2015 by commercial banks as well as increase in services provided by insurance companies.

### **3.12 Real Estate**

This activity includes selling or buying real estate, renting real estate, providing other real estate services such as appraising real estate. Activities in this industry may be carried out on own or leased property and may be done on a fee or contract basis. It also include building of structures, combined with maintaining ownership or leasing of such structures.

The activity has recorded a growth rate of 2.3 percent in the second quarter of 2016 compared to a growth rate of 2.2 percent in corresponding quarter of 2015. The decline in growth rate was attributed to the decrease in the demand of houses for renting.

### **3.13 Professional, Scientific and Technical Activities**

This activity includes specialized professional, scientific and technical activities. These activities require a high degree of training, and make specialized knowledge and skills available to users. It also involves legal and accounting; activities of head offices; management consultancy; architectural and engineering; technical testing and analysis; scientific research and development; advertising and market research; other professional; scientific and technical and veterinary activities.

The activity has recorded a growth rate of 5.9 percent in the second quarter of 2016 compared to a growth rate of 11.9 percent registerd in the corresponding quarter of 2015. The decline of growth rate was attributed to a slight decrease in other professional, legal and accounting services provided during the period under review.

**3.14 Administrative and Support Services**

The activity includes a variety of services that support general business operations. Administrative and support services involves rental and leasing; employment; travel agency; tour operator; reservation service and related; security and investigation; services to buildings and landscape; office administrative; office support and other business support activities.

The activity has registered a growth rate of 3.2 percent in the second quarter of 2016 compared to a growth rate of 8.3 percent registered in the similar quarter of 2015. The decline in growth rate was attributed to a slow performance of travel agent and tour operators’ activities and rental and leasing.

**3.15 Public Administration and Defence**

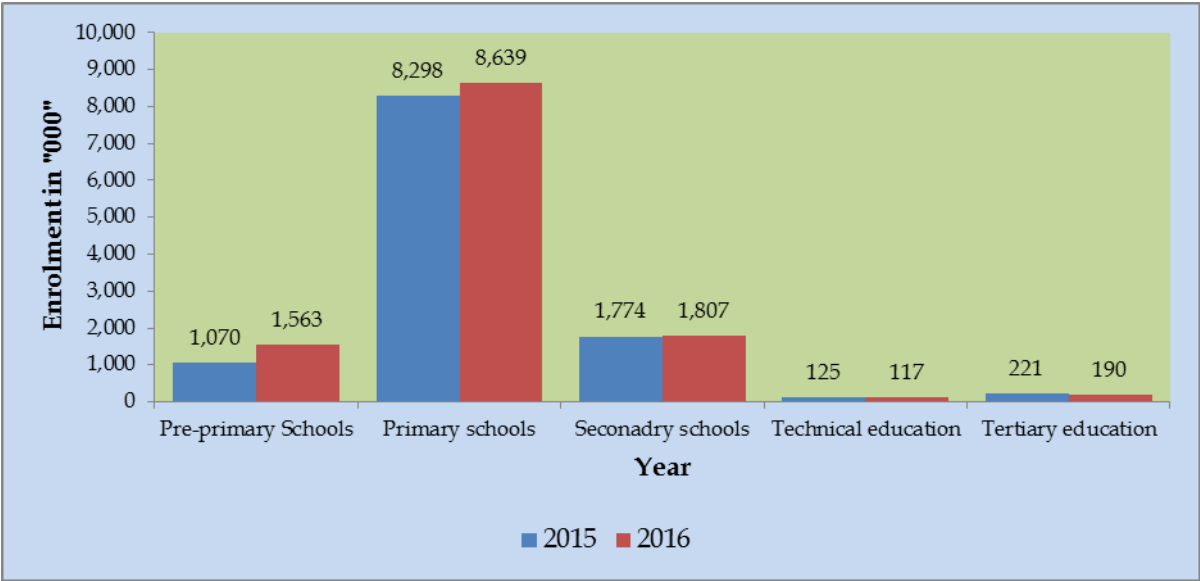

The activity includes the enactment and judicial interpretation of laws, legislative activities, taxation, national defence, public order and safety, immigration services, foreign aids and the administration of government programs. This activity also includes compulsory social security activities.

During the period under review, the activity has increased at a growth rate of 7.3 percent in 2016 compared to a growth rate of 0.4 percent recorded in the corresponding period of 2015. The growth was attributed by the increase of government spending in the public sector such as legal and legislative activities which are consistent with the good governance policy.

**3.16 Education**

This activity includes education in all levels both by public and private education providers. The growth rate has increased from 8.0 percent in the second quarter of 2016 compared to 7.4 percent observed in the corresponding quarter of 2015. The increase in growth rate was attributed to expansion in the enrolment of both primary and secondary school pupils. This is evident in the number of pupils enrolled in primary, secondary and higher institutions.

**Chart 10: Enrolment of Pupils/Student by Level, 2015 - 2016**

Source: Ministry of Education, Science and Technology

### **3.17 Human Health and Social Services**

The industry includes the provision of health and social work activities such as health care provided by trained medical professionals in hospitals and other facilities and other residential care activities.

The activity has increased by 5.7 percent in the second quarter of 2016 compared to 4.9 percent registered in the corresponding quarter of 2015. The increase in growth rate was attributed to an improved provision of health services to both public and private health facilities in the country under the reference period.

### **3.18 Art, Entertainment and Recreation**

This activity includes a wide range of activities to meet varied cultural, entertainment and recreational interests of the general public, including live performances, operation of museum sites, gambling, sports and recreation activities.

The activity has recorded a growth rate of 6.9 percent in second quarter of 2016 compared to 5.2 percent registered in the corresponding quarter of 2015. The increase in growth was attributed to an increase of tourists arrivals in the country.

### **3.19 Other Services Activities**

This Industry includes the activities of membership organizations, the repair of computers, personal, household goods and a variety of personal service activities not covered elsewhere in the classification.

The activity registered a growth rate of 7.2 percent in the second quarter of 2016 compared to 6.9 percent recorded in the similar quarter of 2015. The growth rate was attributed to an increase in the urban population and personal service activities.

### **3.20 Activities of Households as Employers**

Activities of households as employers of domestic personnel such as maids, cooks, waiters, valets, butlers, laundresses, gardeners, gatekeepers, chauffeurs, caretakers, governesses, babysitters, tutors, secretaries etc. The activity allows the domestic personnel employed to state the activity of their employer in censuses or studies, even though the employer is an individual. The product produced by this activity is consumed by the employing household.

The activity recorded a growth rate of 3.1 percent in the second quarter of 2016 compared to 2.6 percent in the corresponding quarter of 2015. The growth rate was attributed to an increase in the urban population during the period under review.

## **4. Conclusion**

During the second quarter of 2016, the economy expanded at a rate 7.9 percent compared to 5.8 percent registered in the corresponding period of 2015. The fastest growing activity was the

Transport and Storage Service which increased at a growth rate of 30.6 percent mining and quarrying has recorded a growth of 20.6 percent, information and communication by 12.6 percent and the least growing activities were Real Estate and Accommodation and Food Services which registered growth rates of 2.3 percent and 2.5 percent respectively.
